Dear Sir,

The Archaeological Survey of India invites online Bids in the prescribed form under the Two Bid system i.e. Technical Bid and Financial Bid for Execution of the work for “MW (Con) to Up gradation of Tourist Amenities (Under 75 Nos. Monument Project) at Lalji Temple, Bishnupur, Bankura, 2022-23”

1. The system of e-tendering shall be adopted, comprising of Technical Bid and the Financial Bid. Document Download: Tender documents may be downloaded from CPPP site <https://eprocure.gov.in/eprocure/app> and www.asikolkata.in as per the schedule as given in CRITICAL DATE SHEET.

Technical Bid should, inter alia, contain all technical details of services and solutions to be provided along with such documentary proofs. Financial Bid should, inter alia, indicate item-wise price and other commercial/financial terms against the items mentioned in the Technical Bid.

2. Bid Submission:

Applicants/intending or interested Bidders are invited to submit their proposal after carefully reading the Request for Proposal (RFP) by providing (a) Technical Bid, and (b) Financial Bid. Such proposals are to be submitted within the stipulated date and time as mentioned in the Bid document as given in CRITICAL DATE SHEET.

Bids shall be submitted online only at CPPP website: <https://eprocure.gov.in/eprocure/app> Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.

3. Earnest Money Deposit:

The Hard Copy of original instruments in respect of cost of earnest money (EMD) must be delivered to the Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle prior to the Bid opening date as mentioned in critical date sheet. Tenderer shall likely to be liable for legal action for non-submission of original payment instrument like DD etc. against the submitted Bid.

The offer without EMD will be rejected summarily. EMD is to be supplied by all the bidders except those who are registered with Central Purchase Organization, National Small Industries Corporation (NSIC) or Ministry of Culture.

Tender inviting authority: Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle, Kolkata.

4. The Tender Amount is : Rs. 21,03,921/- (Rupees Twenty one lakhs three thousand nine hundred & twenty one only.

5. Time period for the work/supply shall be 180 days from the signing of the agreement papers.

SCOPE OF WORK AND GENERAL INSTRUCTIONS FOR TENDERERS

Online Open E-Tender on behalf of the President of India, are invited under Two Bid System i.e. Technical Bid and Financial Bid from reputed, experienced and financially sound Govt. Contractors/ /Firms/Agencies who have past experience in conservation work of Ancient Archaeological Monuments /Sites as per the Tender Documents for Execution of the work for “MW (Con) to Up gradation of Tourist Amenities (Under 75 Nos. Monument Project) at Lalji Temple, Bishnupur, Bankura, 2022-23”

1. The tendering Contractors/ Firms/Agencies are required to enclose self attested copies photocopies of the following documents along with the Technical Bid, failing which their bids shall be summarily/ out-rightly rejected and will not be considered any further:-
 - a. Copies of the valid Registration Certificate from the Central/State Government authority of the Contractors/Firms/Agencies.
 - b. Copy of PAN card of the Contractors/Firms/Agencies.
 - c. Copy of Income Tax return filed for the last 03 (three) financial years (i.e. 2019-20, 2020-21, 2021-22) along with certificates of annual turnover for that period from Statutory Auditor as per the attached Annexure I. (If 2021-22 is not filed due to any reasons please indicate the same and I.T. Return for financial year 2018-19 will be taken into consideration.)
 - d. Copies of the GST registration certificate along with copy of last filled GST (current /previous financial year).
 - e. Declarations (to be submitted in Company’s letter head as per the format attached)
1. Declaration on Blacklisting. (2) Declaration on E.M.D. submission
- f. Copies of past experience certificates (both- Work order & Completion/Pay certificate) in conservation work of Ancient Archaeological Monuments/Sites as per the attached Annexure I
- g. Tender Acceptance Letter as per format attached in the letter head of Contractors/Firms/Agencies.
- h. Copies of Labour Registration certificate along with EPF an ESI registration certificate of the Contractors/Firms/Agencies (In-case of execution work/supply of manpower only).
2. The rate for complete work should be quoted in figures and words including GST and all taxes/other charges as applicable.
3. The Contractors/Suppliers/Firms/Agencies will be permitted to attend at the time of tender opening.
4. If the date of opening of the tender happens to be a holiday, the tender will be opened on the next working day.
5. The right of acceptance of a tender will with the Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle who does not bind himself/herself to accept the lower tender and reserves to himself/herself the authority to reject any or all the tenders without assigning any reason. All tenders in which any of the prescribed conditions are not fulfilled or are incomplete in any respect are liable to be rejected.
6. Contractor may visit the working site prior to rate tendering if required.
7. The work to be executed and deduction of voids will be as per CPWD specifications, IS code and as per Archaeological Survey of India specification.
8. Water arrangement/Scaffolding/Electrical connection/T&P articles will be managed by the contractor.
9. The quantity/item of work can be increased/ decreased as per site requirements.
10. Before execution of work contractor must sign the agreement in this office.
11. The materials pertaining to this work should be checked by the competent officer.

12. Security Deposit –3%

(*As per the latest order of Govt. of India, S.D. to be submitted @3% of the total work order amount in the form of TDR/FDR of any Scheduled Bank and to be pleaded in favour of Superintending Archaeologist, ASI, Kolkata Circle)

13. The ASI reserves the right to amend or withdraw any of the terms and conditions contained in the Tender Documents or to reject any or all tenders without giving any notice or assigning any reason. The decision of the Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle, Kolkata in this regard shall be final and binding on all parties in all circumstances.
14. **Conditional bids shall not be considered and will be out rightly rejected in the very first instance.**
15. Contractor will be responsible for timely payment to the labour and statutory authorities and compliance of all statutory provisions relating to minimum wages/specified contract amount etc. in respect of the person deployed by him in the work prevailing thereon.
16. The Contractor shall also be liable for depositing all tax, levies, cess etc on amount of work done/ supply of materials/ service rendered by him to the ASI to the concerned tax collection authorities from time to time as per existing rules and regulations on the matter.
17. Whenever the rates quoted by the contractor in figures and in words tally but the amount is not worked out correctly, the rate quoted by the contractor will be taken as correct and not the amount.
18. The total cost quoted by the bidders shall be worked out for deciding the lowest bidder for acceptance of tender.
19. **The rate quoted should include all taxes / GST and other charges etc. ASI will not entertain any claim whatsoever in this regard.**
20. In case contractor's signature on tender is fixed in an Indian Language, the rate/ amount/ percentage above or below should also be written in the same language. In the case of illiterate contractors the rates/percentage should be attested by a witness.
21. The discretion of acceptance of tender, will rest with the Circle Officer/Regional Director/Director General, A.S.I who does not bind himself to accept the lowest tender and reserve to himself the authority to reject any or all of the tenders received, without the assigning any reason. Any tender, in which any of the prescribed conditions are not fulfilled or are incomplete in any respect is liable to be rejected.
22. The contractor shall not be permitted to tender for works in the Archaeological Survey of India, Circle/Branch Office (Responsible for award and execution of contracts) in which his near relative is posted as an officer in any capacity.
23. No. Engineer of Gazatted rank or other Gazatted Officer employed in Engineering or Administrative duties in an Engineering Department of the Government of India is allowed to work as a contractor for a period of two years of his retirement from Government service, without the prior permission of the Government of India as aforesaid before submission of the tender or engagement in the contractor's service.
24. The tender of the work shall not be signed as an witness by a contractor or contractors who himself/themselves is/are also submitting Tender/bid for the same work.
25. The successful contracting Company/Firm/Agency shall not be allowed to transfer, assign, pledge or sub contract its right and liabilities under this contract at any time of the contract period.

EVALUTION CRITERIA:

1. The bidder who fulfils Technical Eligibility Requirement mentioned under Technical Eligibility Requirement shall be declared technically qualified and financial bid in respect of only technically qualified bidder shall be opened.
2. The bidder who quotes lowest rates for the work in financial bid will be declared L1.
3. In case of tie in lowest rate, the Contractors/Suppliers/Firms/Agencies who have submitted certificates (both – work order and completion certificates) of more completed work in last 3 years shall be declared L1. Copies of Work Order and completion certificate from employer shall be provided along with Technical Bid.

4. The work shall be awarded to L1 bidder.

Instructions for online Bid Submission

The Bidders are required to submit soft copies of their Bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the Bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their Bids online on the CPP Portal.

More information useful for submitting online Bids on the CPP Portal may be obtained at: <https://eprocure.gov.in/eprocure/app>.

REGISTRATION

1. Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal ([URL:http://eprocure.gov.in/eprocure/app](http://eprocure.gov.in/eprocure/app)) by clicking on the link “**Online Bidder Enrolment**” on the CPP Portal which is free of charge.
2. As part of the enrolment process, the Bidders will be required to choose a unique username and assign a password for their accounts.
3. Bidders are advised to registration process. These would be used for any communication from the CPP Portal.
4. Upon enrolment, the Bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify/ NCode/ EMudhra etc.), with their Profile.
5. Only one valid DSC should be registered by a Bidder. Please note that the Bidders are responsible to ensure that they do not lend their DSC's to others which may lead to misuse.
6. Bidder then logs in to the site through the secured log-in by entering their user ID/Password and the password of the DSC / e-Token.

SEARCHING FOR TENDER DOCUMENTS

1. There are various search options built in the CPP Portal, to facilitate Bidders to search active tenders by several parameters. These parameters could include Tender ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced search for tenders, where in the Bidders may combine a number of search parameters such as organization Name, Form of Contract, Location, Date, other keywords etc. to search for a tender published on the CPP Portal.
2. Once the Bidders have selected the tenders they are interested in they may download the required documents / tender schedules. These tenders can be moved to the respective ‘ My Tender’ folder. This would enable the CPP Portal to intimate the Bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
3. The Bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

PREPARATION OF BIDS

1. Bidder should take into account any corrigendum published on the tender document before submitting their Bids.
2. Please go through the tender advertisement and the tender document carefully to understand the

documents required to be submitted as part of the Bid. Please note the number of covers in which the bid document – including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the Bid.

3. Bidder, in advance, should get ready the Id documents to be submitted as indicated in the tender document/ schedule and generally, they can be in PDF / XLS / RAR / DWF / JPG formats. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.
4. To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every Bid, a provision of uploading such standard documents (e.g. PAN card copy, etc.) has been provided to the Bidders. Bidders can use “My Space” of “Other Important Documents” are available to them to upload such documents. These documents may be directly submitted from the “My Space” area while submitting a Bid, and need not be uploaded again and again. This will lead to a reduction in the time required for Bid submission process.

SUBMISSION OF BIDS

1. Bidder should log into the site well in advance for bid submission so that they can upload the Bid in time i.e. on or before the Bid submission time Bidder will be responsible for any delay due to other issues.
2. The Bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
3. Bidder has to select the payment option as “offline” to pay the tender fee / EMD as applicable and enter details of the instrument.
4. Bidder should prepare the EMD as per the instruction specified in the tender documents. The original should be posted/couriered/given in person to the concerned official, latest by the last date of Bid submission or as specified in the tender documents. The details of the DD/ any other accepted instrument, physically sent, should tally with the details available in the scanned copy and the data entered during Bid submission time. Otherwise the uploaded bid will be rejected.
5. Bidders are requested to note that they should necessarily submit their financial Bid in the format provided and no other format is acceptable. If the price Bid has been given as a standard BOQ format with the tender document, then the same is to be download the BOQ file, open it and complete the white coloured (unprotected) cells with their respective financial quotes and other details (such as name of the Bidder). No other cells should save it and submit it online, without changing the filename. If the BOQ file is found to be modified by the Bidder, the Bid will be rejected.
6. The server time (which is displayed on the Bidders’ dashboard) will be considered as the standard time for referencing the deadlines for submission of the Bids by the Bidders, opening of Bids etc. The Bidders should follow this time during Bid submission.
7. All the documents being submitted by the Bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of Bid opening. The confidentiality of the Bids is maintained using the secured Socket Layer 128 bit encryption technology. Data storage encryption of sensitive fields is done. Any Bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to a symmetric encryption using buyers/Bid

opener's public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized Bid openers.

8. The uploaded tender documents become readable only after the tender opening by the authorized Bid openers.
9. Upon the successful and timely submission of Bids (i.e after Clicking "Freeze Bid Submission" in the portal), the portal will give a successful Bid submission message & a Bid summary will be displayed with the Bid no. and the date & time of submission of the Bid with all other relevant details.
10. The Bid summary has to be printed and kept as an acknowledgement of the submission of the Bid. This acknowledgement may be used as an entry pass for any Bid opening meetings.

ASSISTANCE TO BIDDERS

1. Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.

Any queries relating to the process of online Bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk Number:0120- 4200462, 0120- 4001002.

17	17	Providing and fixing 4.5 Kg CO2 consisting of brand new high pressure steel cylinder bearing ISI mark and having the approval of the Controller of Explosives fire extinguisher, Nagpur conforming to IS: 15683-2006 with latest amendments with seamless Cylinder Conforming to IS : 7285 and fitted with ISI Marked Controlled Valve conforming to IS 3224 , High pressure 1 Mtr long discharge Hose and Horn controllable discharge mechanism, complete with initial gas charge with carrying handle and wall mounting bracket suitable for operating between (-30) degree Celsius to (+)55 degree Celsius etc. on wall as required. (ISI Marked) (Manufacturer Test Cert to be provided at the time of delivery)	1	Each

18	18	Providing and fixing 6Kg ABC (net powder weight) powder stored pressure type fire extinguisher consting of welded Cylinder, Squeeze lever discharge Valve fitted with pressure indicating gauge with internal discharge tube , discharge hose and nozzle , suspension bracket, conforming to IS :15683-2006 with latest amendments duly charge with ISI marked mono ammonium phosphate base ABC powder conforming to IS : 14609 and pressurised with Nitrogen Gas suitable for operating between (-)30 degree Celsius to (+) 55 degree Celsius etc. on wall as required.(ISI Marked)(Manufacturer Test Cert to be provided at the time of delivery)	1	Each
19	19	Providing red sand stone Dustbin of 0.8 m height and 0.45 m internal dia including cutting, polishing, finishing & carriage to site all complete.	3	Each
20	20	Providing and fixing red sand stone benches, rest top size (1.55m x 0.65m x 0.09m) & height 0.60m including fixing 4 no legs size (0.25m x 0.25m) in arch shape	6	Each
21	22	Supply, Installation, Testing and Commissioning of both side openable double door(back & front) Outdoor Type Feeder Pillar suitable for 415V, 3 Phase, 4 Wire 50 Hz AC supply system having suitable fabricated with CRCA sheet steel of 1.6 mm thick and 2 mm thick for slanted roof & gland plates with 400 mm long Leg & base frame made of 40X40X06 mm MS Angle i/c Powder Coated Paint in approved shade , Aluminium Alloy bus bars of 160A Capacity, connections, interconnections with adequate size aluminium bars, cables, connectors etc. along with necessary nuts & bolts, clamps, DMC/SMC bus bar supports, with necessary M.S. channel, MS Flat, door handle, godown lock, padlock, both side louvers, Aluminium Danger Plate on brick mortar foundation, with PCC Base casting i/c excavation, entire feeder pillar shall have a common GI earth bar, cable gland plates , i/c following accessories.	1	LS
22	23	Providing and fixing 16 Amp, 25kA two Pole MCCB in factory make enclosure for terminating Electricity Board Service Connection after Energy Meter, i/c making connections, testing commissioning complete	1	LS

		etc. as required.		
23	24	Wiring for light point/ exhaust fan point with 1.5 sq.mm FRLS PVC insulated copper conductor single core cable in surface / recessed medium class PVC conduit, with modular switch, modular plate, suitable GI/PVC box and earthing the point with 1.5 sq.mm. FRLS PVC insulated copper conductor single core cable etc as required.	6	Each
24	25	Electrical Wiring for both toilet and submersible pump from feeder pillar with necessary different gauge of ISI make wire including earth wire, pvc casing, screw, hanger and all necessary fittings in all complete.	1	LS
25	26	Providing and fixing red sand stone Information Board / cultural notice board in English and Hindi size (1.10x0.75x0.10) in between red sand stone pillar 0.30 dia and height 1.40m including graphic work on red sand surface.	1	Each
26	27	Providing and fixing red sand stone made Braille cultural notice board in English and Hindi size (1.10x0.75x0.10) in between red sand stone pillar 0.30 dia and height 1.40m including graphic work on red sand surface. Write up for braille should be made of steel board & fixing over top stone all complete as per direction of site-in-charge.	1	Each
27	28	Providing and fixing red sand stone small signage (0.6x0.45x0.10) in Red sand stone base (0.65*0.5*0.2) including graphic work on red sand surface.	6	Each
28	29	Supply, Installation and commissioning of 1 HP Submersible pump of approved make suitable for tube well after drilling (100 mm dia) through all kinds of formations using Rotary drilling rig up to specified depth 70 mt from ground level by digging a pit of size 3.5 m x 3 m x 2.5 m for water circulation with necessary fittings including PVC pipe: IS: 12818 Class CM PVC pipe. Size- 100 mm dia plain pipe	1	LS

		including sockets of standard design; IS: 12818 Class CM PVC pipe. Size- 100 mm dia slotted pipe including sockets of standard design, IS: 12818 Class CM PVC pipe. Size- 40 mm dia plain pipe including sockets of standard design, shrouding of pea gravel of size 2 to 6 mm and fitting of one no panel board for sub mersibble pump, all necessary tube well fittings, bail plug with hook , MS housing clamp, well cap, sanitary sealing of well at top and pvc insulated cable upto 65 mt with G.I pipes of ISI markes with specials etc. in all complete.		
29	30	Supplying, fitting & fixing of 5/6 A switch, 15/16 A switch, 3 pin 5/6 A socket outlet, 6 pin 15/16 A socket outlet for light point & exhaust all complete.	1	LS
30	31	Supplying of 300mm Exhaust Fan of approve qualitty	2	Each
31	32	Installation of exhaust fan in the existing opening, including making good the damage, connection, testing, commissioning etc. as required. : Upto 450 mm sweep	2	Each
32	33	Supplying installation Testing commissioning of Led Tube Fitting, System wattage not less than 18/20 W along with all accessories, connection complete	2	Each
33	34	Supplying, fitting & fixing 20/25/40 mm dia UPVC pipes (A- Type) as where required and fittings conforming to IS:13592-1992 with all necessary clamps nails, including making holes in walls, floor etc. cutting trenches in any soil through masonry concrete structures etc if necessary and mending good damages including joining with jointing materials complete.	1	LS
34	35	Providing and fixing P.V.C. low level flushing cistern with manually controlled device (handle lever) conforming to IS: 7231, with all fittings and fixtures complete.	2	Each
35	36	Providing and fixing rectangular high density polyethylene water storage loft tank with cover,	500	LTR

		conforming to ISI : 12701, colour of opaque white or as approved by Engineer-in-charge. The rate includes making necessary holes for inlet, outlet & over flow pipes. The base support i/c fittings & fixtures for tank shall be paid separately.		
36	37	Preparing the base of the tank with all fittings & fixtures before fixing over roof of toilet block.	1	LS
37	38	Providing and fixing wash basin with C.I. brackets, 15 mm dia CP Brass single hole basin mixer of approved quality and make, including painting of fittings and brackets, cutting and making good the walls wherever required:-White Vitreous China Wash basin size 550x400 mm with a 15 mm CP Brass single hole basin mixer.	2	Each
38	39	Providing and fixing PTMT towel rail complete with brackets fixed to wooden cleats with CP brass screws with concealed fittings arrangement of approved quality and colour. 450 mm long towel rail with total length of 495 mm, 78 mm wide and effective height of 88 mm, weighing not less than 170 gms	2	Each
39	40	Providing and fixing PTMT liquid soap container 109 mm wide, 125 mm high and 112 mm distance from wall of standard shape with bracket of the same materials with snap fittings of approved quality and colour, weighing not less than 105 gms	2	Each
40	41	Providing and fixing 600x450 mm beveled edge mirror of superior glass (of approved quality) complete with 6 mm thick hard board ground fixed to wooden cleats with C.P. brass screws and washers complete.	2	Each
41	42	Providing and fixing soil, waste and vent pipes : 100 mm dia : Centrifugally cast (spun) iron socket & spigot (S&S) pipe as per IS: 3989.	5	RMT
42	43	Providing and fixing C.P. brass long nose bib cock of approved quality conforming to IS standards and weighing not less than 810 gms. : 15 mm nominal bore	2	Each

43	44	Providing and fixing C.P. brass angle valve for basin mixer and geyser points of approved quality conforming to IS:8931. : 15mm nominal bore	2	Each
44	45	Covering the existing drain in front of the temple entrance with C.I. Pipe (dia 20 mm to 25 mm) assembled together with C chanel MS flat bar at the end upto 4 mt long fixed and fitted with the drain top and in openable position in one side all complete.	1	LS
45	46	Covering the toilet block entrance top area through the partition wall of front with 6 mm ACP sheet over 15 mm flat MS bar structure including fitting, fixing and make a slop towards the drain in all complete.	1	LS
46	47	Providing lightning arrestor system with necessary ESE, Supporting Mast, Lightening Arrestor, earthing, installation charges etc. all lead & lift etc. complete. (Satisfactory installation & test report to be submitted by an authorised agency)	1	LS
47	48	Providing and fixing C.P. brass bib cock of approved quality conforming to IS:8931 : 15 mm nominal bore	2	Each
48	49	Disposal of building rubbish / malba / similar unserviceable, dismantled or waste materials by mechanical means, including loading, transporting, unloading to approved municipal dumping ground or as approved by Engineer-in-charge, beyond 50 m initial lead, for all leads including all lifts involved.	3.00	Cum
49	50	Supplying , Installation ,commissioning & testing of RO + UV water purification unit upto 1000 ltr /hour purification , install with necessary water connection from existing water source all complete as per direction of competent authority .	1	Each
50	51	Providing & installation of a drinking water fountain , & Supplying, laying CPVC drinking water pipe, connection with RO plant , including necessary earth cutting & filling , fixing materials & all other accessories all complete as per direction.	3	Each

51	52	Taking out existing damaged tube well and dismantling of the existing tube well platform completely and make the ground clear from debris and shifting the existing tube well parts in sub circle office including carriage all complete.	1	LS
52	53	Lime processing/motor preparation unit made by bamboo frame & Covering poly tarpaulin (20'X20') with masonry chambers (5'X7', 7'X3', 4'X3')) & platforms (5'X85') with water connection.	1	LS
